

Lollipop Tots Features Creativity, Bright Colors

Lollipop Tots is a children's clothing company founded in San Rafael, California, in 2002 by Silvia Kenny from Bali, Indonesia. Her family has been exporting boutique style clothing to Europe for several decades and since her mid-teens she has designed for the family business. She now produces her own lines by combining fresh and original designs with local materials.

Lollipop Tots clothing lines are hand-crafted using traditional techniques that give the fabrics a unique look and feel. All collections are original and available only in limited quantities.

Most fabrics are hand-printed and hand-embroidered, and items are designed to be mixed and matched. None of the garments are mass-produced and each is a "one-of-a-kind" creation.

Shown is a back-tie halter top and carousel skirt. The back features an extravagant bow reminiscent of vintage girl's Sunday dresses. Available in pink, yellow, and turquoise in sizes 2T to 10. Spring/Summer 08 collection prices range from \$12 to \$25 per item wholesale. Minimum order is \$250.00. For information call 415-830-0900 or visit www.lollipoptots.com.
